

**REMARKS**

The specification is amended to include the priority information as well as to change the wording from “sequence no.” to “SEQ ID NO:.”

Entry and consideration of this Amendment are respectfully requested.

Also, the Examiner has returned PTO SB 08 form filed on September 12, 2006, which lists references cited in the International Search Report (ISR), along with a copy of the ISR, with the notation that the references were not considered because copies were not provided.

Applicants understand that copies of the references cited in an ISR are to be provided by the International Bureau. Accordingly, Applicants respectfully request that these references be considered.

Respectfully submitted,
